

COVID-19 Application Process – Sponsorship Submission

With respect for the social distancing guidelines prescribed for the COVID-19 Emergency, sponsorships required for member applications can be provided as follows to avoid direct social contact:

- The Applicant should write the names of the member Sponsors in on the three top lines of the Membership Application. If the Applicant knows the member number that is helpful, but not required.
- Each member Sponsor should write an e-mail describing their willingness to sponsor the Applicant for membership. This e-mail should name the Applicant. The willingness will, of course, explain how the member knows the Applicant. Please also describe how the sponsor and applicant actually met, even if by Skype, Facetime, etc. One of the objectives of having sponsors is so that the new member knows at least a handful of members. This e-mail should be sent to BOTH MembershipChair@lcy.net and Treasurer@lcy.net. Sending to both addresses will expedite processing of the application.
- Both the Application and the Sponsor e-mails will be provided to the Membership Committee and, then, to the Board of Governors.

Carolyn Cole, Club Administrator, is still processing Membership Applications.”
