

LCYC Club Series - Race Committee Volunteer Form

The racing program is managed by a team of volunteer Principal Race Officers, Crew, and Managers coordinated by the Race Director. The success of our program depends on the willingness of members to sign up for race committee duty for one or more race series as shown in the table below. RC management training is provided at various times of the year. If you are interested in joining the RC team, fill out this form and send as an email attachment to the LCYC Race Director at RaceDirector@lcy.net.
